MD. MEHEDI HASAN

FULLSTACT DEVELOPER

Dhaka, Bangladesh | Email: mehedihasanswe143@gmail.com | Phone: 01770506857
GitHub: mehediswe254 | LinkedIn: mehediswe254 | Portfolio: https://mehediswe254.github.io/mehedi-dev-portfolio-code/

SUMMARY

Software Engineering student with completed web development learning and practical knowledge of HTML, CSS, JavaScript, React, Node.js, and MongoDB. Familiar with algorithms and data structures, with good skills in Microsoft Office applications. Motivated to build useful web applications, solve problems, and gain practical experience.

PROFESSIONAL EXPERIENCE

Web Development Practice (Personal Learning & Projects) | Dates: add your dates

- Practiced building responsive web pages using HTML, CSS, and JavaScript.
- Learned to create interactive and reusable user interfaces with React.
- Studied backend development with Node.js and data storage using MongoDB.
- Used debugging and problem-solving skills to improve project functionality.

Algorithms & Data Structures Practice | Ongoing

- Practiced core data structures such as arrays, linked lists, stacks, queues, trees, and graphs.
- Worked on sorting, searching, recursion, and logical problem-solving exercises.

PROJECTS

Smart Inventory and Warehouse Automation System | Academic Project

- Worked on a system concept for managing products and tracking inventory efficiently.
- Explored barcode/QR-based stock updates and low-stock alert requirements.
- Prepared project requirements and UML use-case design as part of the academic work.

Web Development Projects | Personal Projects

- Add your real project names and links here.
- Describe the main features and technologies used in each project.

SKILLS

- **Web Development:** HTML, CSS, JavaScript, React, Node.js, MongoDB
- **Algorithms & Data Structures:** Arrays, Linked Lists, Stacks, Queues, Trees, Graphs, Sorting, Searching
- **Tools:** Git, GitHub, VS Code
- **Microsoft Office:** Microsoft Word, Excel, PowerPoint
- **Languages:** C, Java, JavaScript, Python

EDUCATION

Bachelor of Science in Software Engineering | Daffodil International University
Currently studying | Expected graduation: 2028 (please confirm)
Higher secondary Education | Government Azizul Hoque College, Bogura
Secondary Education | Tarakandi High School

ADDITIONAL INFORMATION

- Languages: Bengali, English
- Other Activities: Math Olympiad, Volunteering, Leadership
